PROFESSIONAL SUMMARY

AI & Data Science graduate with strong skills in Python, data analytics, and machine learning. Experienced in building predictive models and data-driven solutions using real-world datasets. Seeking an entry-level role to contribute to business insights and scalable AI solutions.

TECHNICAL SKILLS

- Programming: Python, SQL
- Data Analysis & Visualization: Excel, Power BI, Tableau
- Libraries/Frameworks: Pandas, NumPy, Scikit-learn, TensorFlow
- Databases: MySQL, MongoDB
- Tools: Git, Jupyter Notebook, VS Code
- Web: HTML, CSS, JavaScript, Flask

PROJECTS

MedAssist – Intelligent Diagnosis System (ML/DL)

- Developed multi-disease prediction system (heart, diabetes, kidney, cancer)
- Used Machine Learning & Deep Learning models for diagnosis
- Improved prediction accuracy using data preprocessing and model tuning

Fraud Detection System (Python, ML)

- Built ML models to detect fraudulent transactions
- Applied data preprocessing and feature engineering techniques
- Achieved high accuracy using classification algorithms

AI-Powered Resume Scanner (Python, NLP)

- Developed tool to extract and analyze resume data
- Implemented NLP techniques for keyword matching
- Improved candidate screening efficiency

Face Recognition System (Python, OpenCV)

- Built real-time face detection and recognition system
- Used computer vision techniques for identity verification

INTERNSHIP EXPERIENCE

Data Analytics Intern

Dyashin Technosoft Pvt. Ltd. | Feb 2025 – May 2025

- Worked on real-time data analytics tasks and projects
- Collaborated with developers and project managers in agile environment

AI DevOps Engineer Intern

Shridevi Institute of Engineering & Technology

- Completed 480-hour internship certified by NASSCOM
- Gained experience in AI pipelines, DevOps tools, and cloud basics

EDUCATION

B.E. in Artificial Intelligence & Data Science

VTU – Shridevi Institute of Engineering & Technology | 2025

CGPA: 7.32

PUC – 68.66% | SSLC – 66.72%

CERTIFICATIONS

- Data Visualization with Power BI
- Data Analysis using Excel
- Python for Beginners
- Artificial Intelligence Fundamentals
- Introduction to Machine Learning
- Cloud Foundation

KEY SKILLS

- Problem Solving & Analytical Thinking
- Communication & Team Collaboration
- Adaptability & Quick Learning
- Time Management & Multitasking

LANGUAGES

English, Hindi, Kannada, Urdu
